

# Global Business

Toronto, Canadá

Academic International Program

## Objectives

---

The International Business Program prepares the participants to their executive insertion. It provides a perfect background about creation and realization of business in the actual global context. The Seminar complemented academic and cultural activities with company visits, in order to know and demonstrate how people apply the theory concepts in the global world.

In this program, participants gain cultural knowledge and skills necessary to discover business opportunities in the globalized world. They would know companies strategies and plans, having the possibility to explore the contemporary global context and measure its impact in an executive level.
